JUN 2022 - AUG 2022

Design Intern - Transportation Goods Invoice App, Laurentian University, Greater Sudbury, Canada

EDUCATION

JAN 2024 - DEC 2025

M.S. Human Computer Interaction, Rochester Institute of Technology, Rochester, NY

GPA - 3.8/4

JUL 2019 - MAY 2023

B.E Computer Engineering, Gujarat Technological University

CGPA - 8.8/10

COURSES

SEP 2023 - JAN 2024

Google's UX Design Professional Certification at Google - Coursera

PROJECTS AND RESEARCH

Mixed Reality Design Concept

Designed a mixed reality-based interaction design solution to help users with interior design and decor. Curated high-level concept videos of users interacting with the smart head-wear that projects holographic projection for interior design.

RIT ShiftMate

SHIFT MANAGEMENT APP REDESIGN

Redesigned the Shift management platform for RIT. Using contextual Inquiry for data collection, followed by creating paper wireframes and prototypes.

Face Recognition University App

Designed and developed a mobile application for the Laurentian University

• Features: Attendance application that works with face recognition and GR code scanning.

• Other features include booking a tour, Admin Side for QR code generation.

WaahTV - OTT platform Tv app (Freelance)

Designed and developed 'WaahTV,' an OTT platform with a focus on user experience. Utilized Figma for prototyping and conducted usability tests resulting in a 20% increase in user satisfaction.

• **Tech Stack:** Frontend: Figma, Android Studios Backend: Postman for API testing Deployment- Android Tv.
