HAET RANPARIYA

PROFESSIONAL SUMMARY

Accomplished Product Designer with a proven track record at Tech9, enhancing user engagement by 35% through innovative user-centered design. Expert in prototyping and usability testing, with strong collaboration skills. I also specialize in GenUI, leveraging generative AI to enhance and accelerate the design process. Adept at transforming complex ideas into intuitive interfaces, leveraging design tools like Figma to deliver impactful solutions.

EXPERIENCE

Product Designer
Tech9 | Salt Lake City, Utah | May 2025 - August 2025

- Designed user-centered solutions that increased user engagement by 35% and improved conversion rates by 25%. Worked with chief product officer (CPO) to lead design initiatives to reach client goals.
- Collaborated with cross-functional teams to design user-centric product interfaces.

Usability Specialist
Excellus BCBS | New York, New York | August 2024 - December 2024

- Planned and implemented a usability study using six task-based scenarios across mobile and desktop platforms, utilizing four key metrics to evaluate user interactions and identify usability gaps.
- Facilitated usability testing sessions with 10 users and gathered in-depth qualitative and quantitative insights to assess their needs.

Project Lead Intern - UI/UX
January 2023 - May 2023

- Led UI/UX design for social app, improving user interaction with Figma and Android Studios.
- Delivered functional prototype within three months, demonstrating innovative design solutions.
- Increased daily active users through focused design enhancements and user experience improvements.

UI/UX Designer & Frontend Developer | Freelance
Upwork | Remote | September 2020 - December 2022

- Delivered 12+ successful projects to clients across globe, with featured work resulting in 40% increased user engagement (France). Improved conversion rates by 25%. Led design initiatives that reached over 20K+ active users for the app.

Design Intern
Laurentian University | Greater Sudbury, Canada | June 2022 - August 2022

- Transportation Goods Invoice App, Laurentian University.
